Lessons

APLIQUICK ACADEMY

Master Class taught by Rosa Rojas, the creator of this new appliqué technique.

A new technique to achieve excellence in patchwork applications, in a easy, fast and fun way, using our new tools, the APLIQUICK®™ rods for perfect appliqué.

With this new technique we will deal with any shape in our pieces, wether it is tradicional, contemporary and even miniatures.

Any shape will be possible with APLIQUICK®™, wether they are open or closed curves, points of different angles.

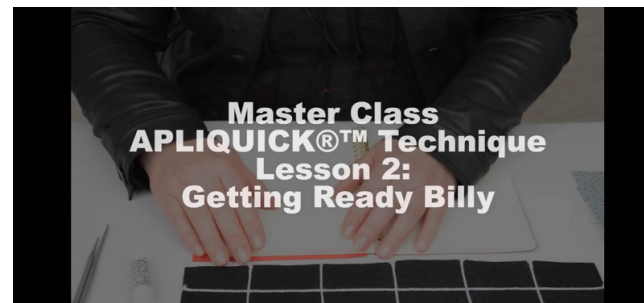

TEACHER: ROSA ROJAS

Supply List

FOR STUDENTS WITH THE KIT
FOR STUDENTS WITHOUT THE KIT

GETTING READY THE PIECES FOR BILLY
